#### Circle the best fit for the type of learning taking place:

- **Class:** Where participants listen to the speaker and remain seated.
- **Demonstration:** Where participants listen to the speaker and see the topic or portion of the topic demonstrated.
- **Workshop:** Where participants listen to the speaker and for some or all of the time; are standing and participating in the activity they are learning about.
- **Field Day:** Those events where MG's use a garden or park to show best management practices. Include Farm or Garden Tours.
